#### INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying financial statements of Rescue: Freedom International, a nonprofit corporation, which comprise the statements of financial position as of December 31, 2019 and 2018, and the related statements of activities and changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

# Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Rescue: Freedom International as of December 31, 2019 and 2018, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

# 1. NATURE OF ORGANIZATION

Human trafficking has grown into the second largest criminal activity in the world, reaching an estimated \$150 billion dollars in annual activity. Rescue: Freedom International (the Organization) has developed rapidly to combat trafficking. The Organization operates through an international network of partners in order to rescue women and children from slavery, provide holistic aftercare services and prevent exploitation of the most vulnerable. These partners work together to restore lives broken by sexual slavery through programs such as night shelters, safe houses, medical clinics, vocational training, scholarship programs and much more. When a survivor enters one of the programs, it changes everything. They receive education, health care, counseling and job training. Most importantly, they receive the love, acceptance and support they need to write their own stories and pursue their dreams.

# 2. SIGNIFICANT ACCOUNTING POLICIES

#### **Basis of Accounting**

The Organization prepares its financial statements on the accrual basis.

### **Financial Statement Presentation**

The financial statements of the Organization have been prepared in accordance with U.S. generally accepted accounting principles ("US GAAP"), which require the Organization to report information regarding its financial position and activities according to the following net asset classifications:

- <u>Net assets without donor restrictions</u>: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the organization. These net assets may be used at the discretion of the Organization's management and the board of directors.
- Net assets with donor restrictions: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

#### Revenue Recognition

Contributions are recognized in the period received, including unconditional pledges when promised, at their net realizable value.

#### **Operating Activities**

The statements of activities and changes in net assets include a measure of change in net assets from operating activities. Changes in net assets that are excluded from operating results consist of the investment income.

# 2. SIGNIFICANT ACCOUNTING POLICIES - (Continued)

#### Cash and Cash Equivalents

For the purposes of reporting cash flows, the Organization considers all cash, monies in banks and highly liquid investments with an initial maturity of three months or less to be cash equivalents except for those cash equivalents associated with investment accounts and subject to the Organization's investment policy.

### <u>Investments</u>

Investments consist primarily of marketable securities carried at fair value based on quoted market prices. Realized and unrealized gains and losses on investments are included in the statements of activities and changes in net assets.

#### Pledges Receivable

Pledges receivable and unconditional promises to give, that are expected to be collected within one year, are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on these amounts are computed using risk-adjusted interest rates applicable to the years in which the promises are received. Management determined the present value discount was immaterial for the years ended of December 31, 2019 and 2018.

Management reviews the collectability of pledges receivable on a regular basis and determines the appropriate amount of an allowance for doubtful accounts. The Organization charges off receivables to the allowance when Management determines that a receivable is not collectible. Management determined that an allowance was unnecessary for the years ended December 31, 2019 and 2018.

# Prepaid Software Subscription and Property and Equipment

The Organization generally capitalizes assets with a cost of greater than \$5,000 and an estimated useful life of one or more years. The Organization signed a software application subscription during the year ended December 31, 2016. The software is amortized over the five-year term of the subscription on a straight-line basis. Accumulated amortization of the \$14,800 subscription was \$10,853 at December 31, 2019 and \$7,893 at December 31, 2018. There was no capitalized property and equipment as of December 31, 2019 or 2018.

#### Concentration of Credit Risk

Financial instruments that potentially subject the Organization to concentrations of credit risk consist of cash and investment balances. The Organization has established guidelines relative to diversification of investments that seek to maintain safety and liquidity. The Organization had cash and investment balances in excess of federally insured limits from time to time during the year.

During 2019, the Organization received approximately 28% of total support and revenue from five donors. The amounts were used to underwrite operational expenses. During 2018, the Organization received approximately 27% of total support and revenue from two donors. The amounts were used to underwrite operational expenses.

# 2. SIGNIFICANT ACCOUNTING POLICIES - (Continued

#### **Special Events**

The Organization holds special events during the year. For the year ended December 31, 2019, revenue related to three special events totaled \$800,195 and expenses totaled \$123,986. The December 31, 2018, revenue related to three special events totaled \$492,131 and expenses totaled \$104,648. Special event revenue is reported as contribution revenue, and the related special event expenses are included in fundraising expense on the statements of activities and changes in net assets.

### Tax Laws

The Organization is exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). Any adverse change in tax laws, or any adverse change in the Organization's tax status as a tax-exempt organization, would affect contributors who are currently entitled to deduct their contributions to the Organization from gross income. Any such change, in turn, could adversely affect the level of contributions to the Organization and the ability of the Organization to meet its obligations.

### **Uncertain Tax Positions**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Organization to report information regarding its exposure to various tax positions taken by the Organization. The Organization has determined whether any tax positions have met the recognition threshold and have measured the Organization's exposure to those tax positions. Management believes that the Organization has adequately addressed all relevant tax positions and that there are no unrecorded tax liabilities. Federal and state tax authorities generally have the right to examine and audit the previous three years of tax return files. Any interest or penalties assessed to the Organization would be recorded in operating expenses. No interest or penalties from federal or state authorities were recorded in the accompanying financial statements.

#### **Functional Allocation of Expenses**

The cost of providing programs and other activities have been summarized on a functional basis in the statement of functional expenses. Supporting services include management and general expenses that are not directly identifiable with any specific function or program but provide for the overall support and direction of the Organization. Certain costs have been allocated among programs and supporting services benefited. Such allocations are determined by management on and equitable basis. The expenses that are allocated include the following:

<u>Expense</u>	Method of Allocation
Personnel Operations Facilities and Equipment Professional Services Staff Travel Printing, Postage and Website Site Visits Amortization	Full Time Equivalents Time and Effort Square Footage Time and Effort

### 2. SIGNIFICANT ACCOUNTING POLICIES - (Continued)

#### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from the estimated amounts.

### New Accounting Pronouncement

On August 18, 2016, FASB issued ASU 2016-14, Not-for-Profit Entities (Topic 958) – Presentation of Financial Statements of Not-for-Profit Entities. The update addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Organization has adjusted the presentation of these statements accordingly. The ASU has been applied retrospectively to all periods presented

#### Subsequent Events

The Organization has evaluated subsequent events through March 9, 2020, the date on which the financial statements were available to be issued.

### 3. **AVAILABILITY AND LIQUIDITY**

Financial Assets at Year End:	2019	2018
Cash and Cash Equivalents	\$ 513,460	\$ 541,117
Investments	1,036,196	846,113
Total Financial Assets	1,549,656	\$1,387,230
Less Amounts Not Available to be Used Within One Year	V 00	50 • 1 16 300000
Net Assets With Donor Restrictions Financial Assets Available to Meet Cash Needs	47,730	32,120
for General Expenditures Within One Year	1,501,926	\$1,355,110

The Organization's goal is generally to maintain financial assets to meet 90 days of operating expenses. Distress or a liquidity need could result from events outside the typical life cycle of converting financial assets to cash or settling financial liabilities. As part of its liquidity plan, excess cash is available in the form of bank checking and savings accounts and investments. The amounts held in investment accounts are liquid but are subject to changes in market value.

# 4. PLEDGES RECEIVABLE

Pledges receivable were as follows as of December 31:

Bandard I. C. I.	<u>2019</u>	<u>2018</u>
Receivable in less than one year	<u>\$-0-</u>	<u>\$6,000</u>

# 5. INVESTMENTS AND FAIR VALUE

#### Fair Value

To increase consistency and comparability in fair value measurements, the Organization uses a fair value hierarchy that prioritizes the inputs to valuation approaches into three broad levels. The hierarchy gives the highest priority to quoted prices in active markets (Level 1) and the lowest priority unobservable inputs (Level 3)

### **Valuation Techniques**

Financial assets and liabilities valued using Level 1 inputs are based on unadjusted quoted market prices within active markets. Financial assets and liabilities valued using Level 2 inputs are based primarily on quoted prices for similar assets or liabilities in active or inactive markets. Financial assets and liabilities using Level 3 inputs are primarily valued based on unobservable inputs. A financial instrument's level within the fair value hierarchy is based upon the lowest priority level of any input that is significant to the fair value measurement.

The Organization's investments consist of money market and mutual funds valued based on the following valuation methods. Valuation techniques are consistently applied.

Money Market Funds - Money market funds are valued at quoted cost plus accrued interest, which approximates fair value.

Stocks - Stocks are valued at quoted market prices in active markets.

<u>Mutual Funds and Exchange Traded Funds</u> – Mutual funds are valued at quoted market prices in active markets, which represent the net asset value (NAV) of shares held at year end.

#### Fair Values Measured on a Recurring Basis

Investments held by the Organization were all classified as Level 1 and consisted of the following as of December 31:

	<u> 2019</u>	2018
Money market funds	\$142,976	\$127,432
Stocks	13,785	
Equity mutual funds	398,610	689,688
Exchange Traded Funds	373,485	41,185
Bond mutual funds	309,858	190,326
Total Investments at Fair Value	1,238,714	1,048,631

Investment return consisted of the following for the years ended December 31:

	<u>2019</u>	_2018
Dividends and interest	\$ 38,561	\$ 20,738
Realized and unrealized gain	147,753	(118,402)
Investment fees	( 8,931)	( 7,834)
Investment Income (Loss)-net of fees	<u>177,383</u>	(105,498)

#### 6. TIME AND PURPOSE RESTRICTED NET ASSETS

Net assets with donor restrictions that have a time and purpose restriction at December 31, 2019 and 2018 are as follows:

	2019	2018
Survivor safehouse	22,685	22,685
Time restricted	6,000	6,000
Medical fund	3,435	3,435
Accumulated Investment Income		
Available for Distribution	<u>15,610</u>	
Total Temporarily Restricted Net Assets	47,730	.32,120

Releases from restrictions totaled \$554,523 and \$229,218 for program expenditures during the years ended December 31, 2019 and 2018, respectively.

# 7. NET ASSETS PERPETUAL IN NATURE

The Organization's endowment was created in December 2014 and consists of funds restricted by the donor to provide scholarships. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. The original value of the gift has been recorded as net assets with donor restrictions that are perpetual in nature. Accumulated, unspent earnings associated with the endowment funds are classified as time and purpose restricted net assets until those amounts are appropriated for expenditure by the Organization.

#### **Interpretation of Relevant Law**

The Board of Directors of the Organization has reviewed the Washington State Prudent Management of Institutional Funds Act (PMIFA) and, having reviewed its rights and obligations thereunder, has determined that it is desirable to preserve, on a long-term basis, the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this determination, the Organization classifies as permanently restricted net assets the original value of gifts to the permanent endowment, the original value of subsequent gifts to the permanent endowment, and accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by PMIFA.

In accordance with PMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund:
- The purposes of the Organization and the donor-restricted endowment fund;
- General economic conditions:
- The possible effect of inflation and deflation;
- The expected total return from income and the appreciation of investments;
- Other resources of the Organization, and
- The investment policies of the Organization.

# 7. NET ASSETS PERPETUAL IN NATURE-(Continued)

Endowment net assets and changes to the endowment net assets were as follows for the year ended December 31:

	Accumulated Investment Income Available for Distribution	Portion of Endowment Underwater	Original Donor Restricted Gift Amounts	Total
Balance-December 31, 2017	\$ -	\$ (901)	\$ 202,518	\$ 201,617
Investment Loss		(18,512)		(18,512)
Balance-December 31, 2018	-	(19,413)	202,518	183,105
Investment Earnings	15,610	19,413		35,023
Balance-December 31, 2019	15,610		202,518	218,128

#### **Funds With Deficiencies**

From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or PMIFA requires the Organization to retain as a fund of perpetual duration. These deficiencies result from unfavorable market fluctuations that occur after the investment of new permanently restricted contributions and continued appropriation for certain programs that was deemed prudent by the Board of Directors. Deficiencies totaled \$-0- and \$19,413 as of December 31, 2019 and 2018, respectively.

### Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Under this policy, the endowment assets are invested in a manner that is intended to produce results in excess of inflation and as needed for withdrawals and distributions to facilitate organizational objectives and to provide a return that, over the long term, provides sufficient asset to meet the Organization's spending policy.

# 7. <u>NET ASSETS PERPETUAL IN NATURE-(Continued)</u>

### Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends) through a diversified investment portfolio.

# Spending Policy and How the Investment Objectives Relate to Spending Policy

Up to 5% of the endowment funds may be paid out each year. In establishing this policy, the organization considered the long-term expected return on its endowment.

# 8. **COMMITMENTS**

#### Facilities Lease

In January 2015 the Organization entered into a lease agreement for office space commencing in February 2015 and expiring in February 2018. The lease was extended on August 2, 2017 to begin March 1, 2018 and ending May 31, 2020. Monthly rent under the extension is \$3,381 for the first 15 months and \$3,507 for the last 12 months. The lease was extended again on October 14, 2019 to begin June 1, 2010 and ending May 31, 2021. Monthly rent under the extension is \$3,750 for the twelve-month period ending May 31, 2021.

The Organization entered into a lease of office space in Alexandria, Virginia. The lease is a 13-month lease starting August 1, 2018. Monthly rental payments are \$1,462. This lease expired during 2019 and was not renewed.

Rent expense totaled was \$55,365 and \$50,109 for the years ended December 31, 2019 and 2018, respectively.

Future minimum lease payments for the office lease are as follows:

For the year ending December 31, 2020 \$ 26,250 For the year ending December 31, 2021 18,750

# 9. RELATED PARTY TRANSACTIONS

Gifts from board members totaled approximately \$401,000 and \$648,370 for the years ended December 31, 2019 and 2018, respectively. Gifts received from a donor advised fund totaled \$881,350 and \$255,000 for the years ended December 31, 2019 and 2018.
